

MOVING DAY CHECKLIST FOR SELLERS

Before the Big Day

- Confirm moving date with solicitor and agent
- Book your removals company (or van hire, if doing it yourself or we can recommend a removals company)
- Pack essential items separately (tea, kettle, snacks, phone charger, loo roll, etc.)
- Label all boxes clearly by room
- Redirect your post via Royal Mail
- Inform council tax, utility providers, broadband supplier, and insurance companies of your move
- Arrange for final meter readings at your current property
- Set up your new utility accounts to start from completion day. We are happy to recommend our trusted partners who can help set up your utilities and provide a free no obligation quote. – [Click here](#)

On Moving Day

- Keep your phone fully charged and on hand for updates
- Settlement usually happens in the afternoon, not first thing
- If relevant, leave instruction manuals, warranties, or appliance paperwork for the buyer
- Check the property is empty and in agreed condition when you leave
- Leave all sets of keys (front, back, windows, sheds, etc.) inside the property
- We will arrange to meet the buyer at the property when we have been advised by your solicitor to hand keys over to the buyer.
